SCOTTISH BITE MASONS,

Whereby He Remains in Office
During a Week of the Session of the New Legislature—Such an Event Occurred Twice Before,

Something seems to have been said by Governor Lewelling here recently that has inspired Populists to hope that many of them will still remain at the public crib. They nod and wink siyly as much as to intimate that the governor will take advantage of a peculiar constitutional mistake to repeat those actions of his which above all things illustrated his smallness and narrowness as a public man.

Visit of the Department President, Mrs. Daiton, of Winfield.

The banquet and social given by Caro line Harrison Circle, ladies of G. A. R., last evening, was a very interesting and successful effair. The department president, Mrs. Dalton, of Windield, was present and made a short, eloqueat and elegant address. This was followed by some interesting words from Mrs. DeRoss, the president of the circle. Miss Jessie Tucker recited "Caster's Charge" in a way that elicited much applause. Mr. Garfieli Black recited "The Soldier's Dream" in his masterly and eloquent style. Remarks were made by Captain Burgess, Rev. Black, Judge Barrett, Captain Skelton, Commander J. H. Alexander, Dr. DeRoss, Warren, Rev. Bleknell, Colonel L. N. Woodecek, Mrs. Jaura Bucknell, Bailey and others. An elexant supper was served and a fine musical program was rendered

There is a possibility, if not a strong probability, that the claims of Wichita for a just and reasonable freight rate on coal, lumber and farm implements, may be satisfactorily granted without any further appeals to the United States courts. Major Cole arrived in the city last night and will hold the first meeting of the series at the First Presbyterian church this evening. It will be necessary for people to be early in order to secure a seat, and they can rest assured of one fact, and that is, will commence at 7 and preaching at 7.39.

DEATH OF DEATH OF DE MAJOR COLORS. has alreedy done a good deal in his profession towards getting the rate demanded by the propie and public interest, finding it impossible to appear before Judge Caldwell for a month or so, went to Chleago recently and had an interview with the Honorable Aldace F. Walker, one of the receivers of the Sinta Fe road. He presented the public demands of Wichita for a more equitable freight rate, and the result was very encouraging to him. Mr. Walker desired to have an opportunity to investigate the complaints of Wichita and promised to give them prompt attention. In fact he has taken a great interest in the matter, and Mr. Douglass seems to think matter, and Mr. Douglass seems to think

matter, and Mr. Douglass seems to think that he will act favorably.

Mr. Waiker is an ex-member of the interstate commerce commission and reputed authority on freight rate matters. Having no pecuniary interest himself in the road and being free, it is alleged, from any influences other than justice between the company and its patrons, it is not unlikely that he may be able to give the relief askel for and which is so necessary to the business interests of Wichita. Mr. Douglass says that Mr. Walker is disposed to do the best he can for Wichita.

A few years ago the state board of raillorad commissioners fixed a rate for coal, lumber and implements to Wichita. The order was compiled with on one article for one day, but ever since no attention has been paid to it. Of course Mr. Walker can do nothing except on behalf of the Sania Fe, but of course if that road puts in a rate the others will be compelled to come to it.

In the meantime the city is not going to lose sight of Judge Caldwell and the courts, to get relief from the yoke of dis-
